CEDAR SIGNS

I am a Graphic Designer at Cedar Signs Inc located in Cambridge Ontario

We are looking to hire a digital press operator.
If anyone is interested, they can send their resume to me ammara@cedarsignsinc.com
Cedar Signs is a 3M certified Traffic Sign manufacturer.

Print Production Operator position will be responsible for all elements of the print process from the ripping of the files to the operation of various wide format printers and finishers.

- Prepare prepress files and make changes and corrections to these files as requested
- Operate wide format graphic printers (Durst and HP)
- Operate a computer cutter, Graphtec and Zund
- Operate a laminator
- Create a clean, organized, and efficient production environment
- Perform daily/scheduled maintenance/clean-up on the machines as required
- Manage stock and supply, keeping track of inventory levels and placing order with Procurement department to ensure all client jobs can be completed on time.
- Manage your workflow to accurately complete task to minimize waste, labor and costs.
- Communicate directly with prepress, finishing and shipping departments to ensure critical deadlines are met.

We are looking for someone with the following qualifications

- Minimum 2 years of experience with Wide Format printers, laminators and CNC cutters.
- Sufficient knowledge to perform pre-flight file management
- Excellent knowledge of digital print equipment set up and adjustment procedures.
- Technical operating experience in Flexi Sign and Caldera RIP Software.
- Ability to lift up to 60 lbs. and stand for a long period of time is a requisite of the job.
- Work independently with little or no supervision and as a team with the other departments.
- Ability to work overtime and weekends when needed to meet deadlines.

This is a full-time permanent job (Monday to Friday 8:00am to 4:30pm) with benefits

Benefits:

- Dental care
- Extended health care
- Vision care

If you can please share this with the graduates that would be great.

Thank you

Ammara
